Acknowledgements

The success of the symposium is due to the hard work and dedication of many. Special thanks are due to Sarodia Vydelingum and Aurelia Guet as well as to the many volunteers (students, administrative personnel, ..) that have given their time and energy to allow it to happen. Special thanks should also be given to Volker Beckmann for his help and expertise in taming the \LaTeX\ beast.

G. Auger, P. Binétruy and E. Plagnol
